

RESOURCE PACKS

Association of Interchurch Families

The Association of Interchurch Families provides a support network for interchurch families (usually where one partner is Roman Catholic and the other a member of another Christian communion), and a voice for such families as they seek to make their pastoral needs known within the churches, as well as contributing to the growing together of the churches.

Resource Packs: Over time the Association of Interchurch Families has put together articles and personal stories, accurate information on church rules, theological reflections, and suggestions for possible ways forward on the main topics that concern interchurch families and those who support them. The contents of each Pack are listed here. If you would like to order *Resource Packs* please use the form overleaf. *We do not make a charge for these but ask for an appropriate donation to cover the cost of printing, postage and materials, and the price of any publications which may be included.*

"You live in your marriages the hopes and difficulties of the path to Christian unity. Express that hope in prayer together, in the unity of love." Pope John Paul II, York 1982.
